HORACE MANN

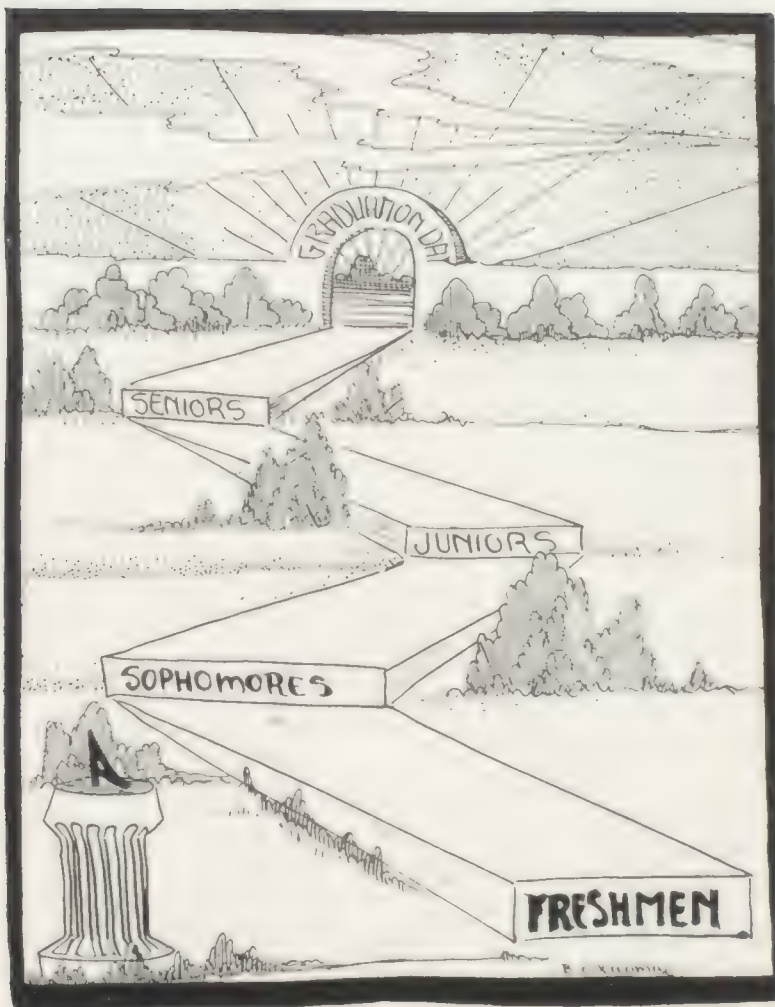

1796 - 1859

Horace Mann was born at Franklin, Massachusetts, graduated in 1819 at Brown University and after studying law at Litchfield, Connecticut was admitted to the bar. After ten years he became a member of the State Legislature and President of the State Senate in 1836.

In 1837 he became secretary of the State Board of Education. He withdrew from politics and a lucrative practice at the bar and devoted himself entirely to a work which proved not only of the greatest significance to Massachusetts but for the entire United States. To reform State education he founded and edited the monthly "Common School Journal" and established Normal Schools.

At his own expense he visited Europe to study Continental methods. He was successful in arousing throughout the world an unprecedented interest in educational affairs.

From 1852, until his death in 1859, he was president of Antioch College, where he made his influence felt in the movement for equal educational opportunities for men and women.

History of the Class of "29"

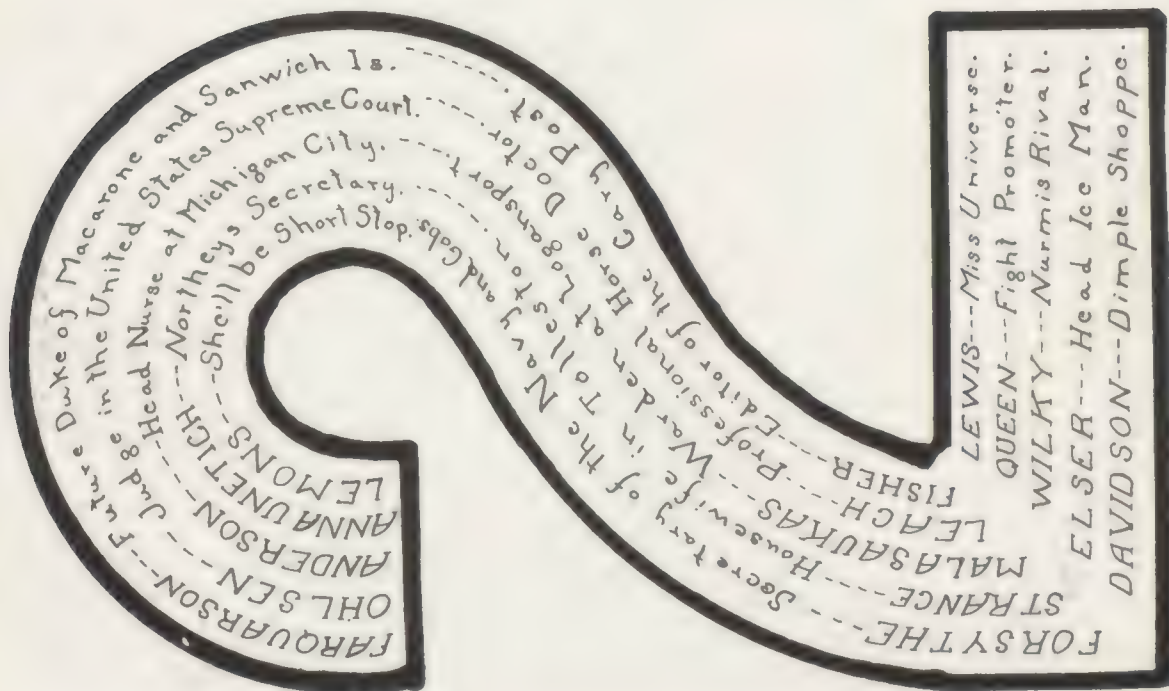

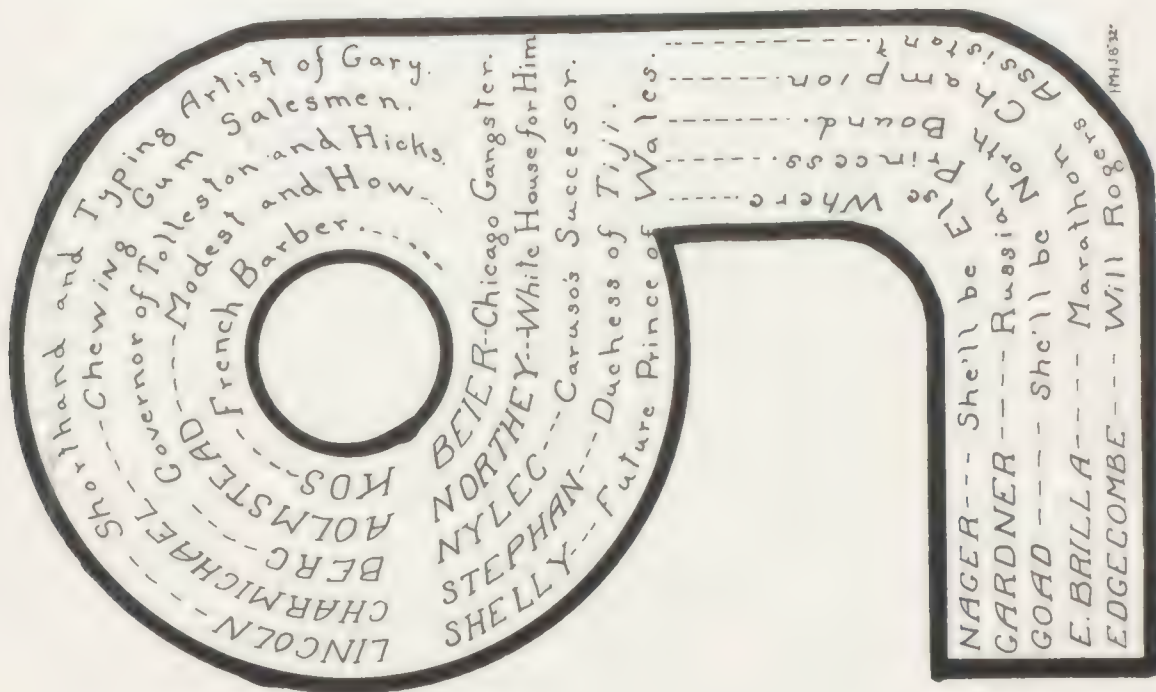

*F*OUR years ago, the boys and girls of the senior class of "29" stepped into the saddle for a difficult, but adventurous ride to the "Land of Wisdom." There were two groups of them: one began the study of civics; the other the mysteries of Latin. Both groups were serious looking riders as they started off, but before long they had assumed a different aspect. Early in their journey some of the riders were clothed in gay costumes in order to participate in the operetta, and the first "Ginger Snap Review". The singing cavalry of both divisions took part in the Lake County Contest. The boys who made up the foot-ball and basketball troop won the Junior High honors, and were "champs" of Northern Indiana in their division. The barracks were a two-story, brick construction with four portables. During this year prospects of new quarters were evident. The contract, for a large, new building west of the old one was let.

The second year found the large and beautiful new building under construction. Toward the end of the first semester every Horseman wrote his or her name on a sheet of paper to be placed in the corner stone, at its laying, which followed a week later. During the second semester of this year the groups entered the new school. Ethel Gee and Edward Tockstein brought honors to the cavalry by winning first and second place in the declamatory contest. "In India", an operetta, was also given this year.

Two successful years had passed; the third year opened with an election of three Horsemen to head a body known as the Student Council. Walter Northey, Walter Berg, and Mary Louise Ringer were the successful candidates in this election. Class officers were next elected. Layton Fisher, Martin Bier, and Louise Tittle were chosen. The next big event was the "Junior Prom" which was fully enjoyed by all the cavalry.

As they entered the next year of their journey, and looked back over the rough, adventurous ride, they felt a certain regret that they had reached the last stage of their ride together. The rush of events, however, soon made them forget this sadness. The year began with an election of an annual staff which supervised the production of the school's first annual. The time soon came for choosing the official insignia which would be worn by all senior Horsemen hereafter. Before long, rings and pins appeared on their fingers and lapels. An election of class officers took place with Garda Strange, Louise Nager, Marjorie Greatrex, Anna Unetich as our leaders. The bands stopped on their journey to perform "Pomander Walk", the senior class play for the entertainment of all Horsemen. At last they had taken part in the final parade; namely, "Senior Farewell." The ride was coming to an end; one day they dismounted with diplomas in hand as passwords to the "Land of Wisdom."

The Band

THE HORACE MANN School band was organized in the summer of 1925. The enrollment at that time was nine students. Some of these boys have continued with the band without any extended absence. Great credit is due those who helped mould the project, now so much a part of the community life of the present fine school center at Horace Mann. Mr. C. D. Lutz, the principal, launched the project and was instrumental in placing in charge of the budding organization, Mr. E. V. Roesler, who has continuously tried to make this department comparable to the splendid bands in other schools of the city.

The faithful thirty-five boys who came to these evening rehearsals are the ones who are responsible for putting the "Band Wagon" into motion. When that was done, it was easy to find plenty who were willing "to get on to ride." This fact is evinced by the present enrollment of 210 children who meet every afternoon during the three hours from one to four. Among that number there is included, the promising girl's band of fifty-five pieces (still in the junior stage,) the boy's junior band of seventy pieces, and the select boy's Concert Band of seventy pieces; this latter organization will extend to eighty when suitable instrumentation can be secured. Then too, there is a beginner's class.

The band has many loyal supporters, who have been firm friends in the past. The band students hope to further merit the loyalty of these promoters and to fulfill their expectations in the future.

W Sophomore Play

WITH the production of its class play "It Pays to Advertise", the Sophomores achieved another great triumph. The story centers around a young millionaire who bucks his father as a soap manufacturer. He succeeds, of course, and marries the heroine, Mary.

Two casts were chosen and each gave one performance on June 13th.

Athletics

HORACE MANN'S first football team was organized in 1925. It was composed of Junior High school boys. We were undefeated that year, winning eight straight games. The high spot of the season was a 28-0 victory over the La Porte High school second team.

In 1926 we had to develop practically a new team as nearly all of our boys of the year before were transferred to Emerson. Our 1928 team was a powerful Junior High team and after winning eight straight victories we were defeated in the final game of the year by the Whiting High school team 7-0.

In 1927 we had our first Varsity team composed of the ninth and tenth grades. Our season was very successful considering the fact that we played a very hard schedule against old established high schools. Our record was 3 victories, 2 ties and 3 defeats. The high spots were tie games with Tilden, Chicago High school champs and Mishawauka, Indiana Co-State champions for two years. We lost to Froebel one of the most powerful teams in the country 13-0 in a very bitter battle.

In 1928 Horace Mann was represented by one of the most powerful football teams in the country. We were unbeaten until the end of the season, then we were defeated by Froebel 14-13 in a heart breaking game upon which the state championship hinged.

BASKETBALL

In basketball Horace Mann teams have set a great record considering the age and size of our school. The teams have improved steadily since our first Junior High team in 1925. In the past season Horace Mann was represented by one of the finest and most powerful teams ever in Northern Indiana.

The high spots of the season were: seventeen straight victories, the defeat of both Emerson and Froebel in two of three games each, the winning of the Streator tournament, the Gary Sectional and Regional tournaments and the teams fine showing in the State finals.

TRACK

In track Horace Mann competed for the first time in '28. Our team finished fifth in the Northern Indiana conference. This year we are represented by an excellent team that will no doubt finish with a great record.

The splendid success of Horace Mann in athletics may be attributed to the great fighting qualities of our boys. They win or lose. They willingly train and condition themselves for contests. The fine spirit, enthusiasm, and loyalty of the student body in backing the teams have also proved a source of inspiration.

Watch the Horsemen in "29-31"!!!!

Trophies

The cup at the upper right was awarded the Girls' Glee Club at Hammond in 1926. It is the first trophy won by Horace Mann.

Lower right: cup won by Ethel Gee in Lake County Declamatory contest held at Whiting, 1927.

The large trophy in the center was awarded the Horace Mann basketball team at the Invitational Holiday Basketball Tournament at Streator, Ill., 1928.

The shield was awarded the Intermediate Poet Memory team consisting of Ruth Brennan, Virginia Brennan, Pauline Hooper, Garnet McAllister, Virginia Cole and Betty Cook. The contest was held at Memorial Auditorium March, 1929. The Junior High team tied for first place.

In 1927 Horace Mann's Junior High basketball team entered the city basketball Tournament and were declared "champs" receiving the basketball shown above.

Varsity Football Team

THE Horace Mann Horsemen went through the 1928 season very successfully, by losing one game, winning 6, and tying 1. The Red and White warriors upheld the standards of Steel City football by coming through the longest and most difficult schedule that has ever been taken up by a Horace Mann team.

Walter Northey was placed on the All State; Frank Kurth and Virgil Kirkland had honorable mention.

The Roosevelt of East Chicago game opened the season and a real football game was played, the final score being 6-0 in favor of Horace Mann.

In the second start of the season the Horsemen found themselves able to crush Mt. Carmel 20-0. The contest was spectacular in spots and ragged in others.

The following week the Horsemen journeyed to Mishawauka.. Our boys swept the Cavemen off their feet and came home on the long end of a 19-0 score.

In a game featured by long runs the Red and White warriors defeated Calumet of Chicago 47-0. The Horsemen exhibited a powerful offense which featured sensational runs by Kirkland Elser, and Cavanaugh.

The Horsemen scored their second Conference win of the year when they defeated the Washington Senators 12-6. This was the first game in which the Horsemen had been scored upon.

In an intersectional match the Horsemen fought to a 6-6 tie with Ironwood. It was the closest battle ever fought by the Horsemen away from home. With 3 seconds left to play the Ironwood team tied the score and failed to make the extra point. A beautiful pass from Cavanaugh to Kos put the ball over for the Horsemen.

Before one of the largest crowds that ever filled Gleason Field, the Horsemen tasted their only defeat of the season at the hands of Froebel. Horace Mann could not get the breaks and in the last start of the game Froebel was in the lead 14-13.

In the last start of the season Horace Mann struggled and fought to earn a 7-6 victory over the "Golden Tornado" of Emerson.

Varsity Basketball Team

WINNING 26 out of 29 games the Horsemen went through a season replete with thrillers, and success that was not exceeded in Northern Indiana.

Featuring the season's record of the Horsemen were: the championship of the Streator, Illinois, Invitational Tournament; a 16 game winning streak that gained state-wide attention; champions of the sectional and regional tournaments; an all season record of 26 games won, and 6 lost for a final percentage of .897; a tie for the runner-up position behind Froebel in the Northern Indiana High School Conference race.

Horace Mann got off to an auspicious start when it defeated South Bend 31-9. The opening game was followed by a 29-28 defeat at Anderson.

Then came a splurge of victories which continued until sixteen successive games were won. Such teams as Froebel, Emerson, Akron, Ohio, Washington, Roosevelt, and Valpo were included in this chain of wins.

The Horsemen received their second, third, fourth, and fifth defeats in succession at the hands of Goshen, Emerson, Washington, and Froebel.

Horace Mann broke out of their slump and defeated Mishawauka and Michigan City. The final game of the schedule found the Horsemen playing the undefeated Central of Fort Wayne, which after a very hard game the Horsemen won 25-23.

Spring Football

SPRING Football practice at Horace Mann opened April 14 and closed May 24. The purpose of the practice was to classify condition, and teach the rudiments of football to the squad members. Eighty-seven boys reported for practice on the opening day. Most of these boys were Freshmen and Sophomores. The squad was put through a hard course of fundamental football and conditioning exercises. The season was closed with a regulation game between the Red and White squads.

A great deal of good was derived from the practice sessions. Some excellent material was uncovered for the Varsity football squad of '29. Also the boys who were not physically qualified for football were benefitted greatly by the strenuous physical training exercises given in the course.

Junior Prom

TEMPUS FUGIT!" warned kind Father Time as he shook his lean forefinger in the faces of the juniors.

"We heed the warning," the juniors sprightly responded as they hastily assembled for the election of those officers who were to guide their long-cherished dreams of a "Prom" into a reality. Those chosen to shoulder this responsibility were:

President	Katherine Hall
Vice-President	Robert Woods
Treasurer	Gerald Johnson
Secretary	Damaris Snell
Class Advisors	Mrs. S. Flewelling and Mrs. H. A. Schiess

Once organized, this student body proceeded to appoint committees of students to assume responsibility of arrangements. These included:

Decoration:	Dorothy Lenhardt, Dorothea Murray, Henry Buller.
Refreshment:	Marion Scharr, Eleanor Monohan, Mildred Vensel, Marcella Watson, Elizabeth Smith.
Music:	Damaris Snell, Mary Fitzgerald, Harry Morrow, John Doyne, Katharine Hall.
Chaperon:	Margaret McArthur, Alva Herndon, Steve Blazecek.
Bids:	John Brink, Anne Nepsha, Anne Slapikus, Traver Hartill.
Favors:	Dorothy Wells, Ruth Lyon, Dorothy Krowell, Paul Cavanaugh, Arthur Robinson.

Came the eventful night—May 25, 1929! The doors of the ballroom in the Masonic Temple were thrown wide. Fully two hundred fastidiously attired ladies and gentlemen entered.

"Let music, joy, beauty, and gayety reign!" laughingly chorused the group to the lurking, bent, old figure in the shadows of the vast out-of-doors: namely "Father Time!"

"Tempus fugit!"—but before "Time" left, he had recorded with red letters the junior promenade of 1929 "a most successful social function."

The Sophomore Hop

ONE of the most notable occasions of the school year 1928 was the Sophomore Hop held in the Girls' Gymnasium, on Saturday, December 15.

The gym was decorated with crêpe paper until the original structure was hardly recognizable. The balcony, blackboards, and baskets were artistically arrayed in rose and grey; on the piano stood a beautiful basket of roses.

Promptly at eight thirty o'clock Albert Hagerstrom's orchestra struck up the stirring strains of "On Wisconsin" and the Grand march began with grandeur and pomp worthy of the stately seniors. Led by the class president, Virginia Neff, the couples promenaded about the dance floor several times, then drew out of line and proceeded to select partners for the various dances to follow. Programs which carried out the class colors were furnished each partner.

Pretty girls decked out in their finery and boys dressed in new suits, with trousers pressed to a razor's edge, presented a pleasing and picturesque scene. Among the celebrities who were present were Miss Neff and her escort, Basil Ray, Mrs. Pickard, sophomore sponsor, Mr. and Mrs. Schiess, and Mr. and Mrs. Flewelling. There were approximately one hundred and eighty guests.

Robber dances, punch, and serpentine lent zest to the occasion, and increased the enjoyment. All dancing was carried on in a dignified, although not too formal manner. In the midst of a foxtrot balloons were tossed from the balcony and thereupon plentiful pins caused sounds resembling those of a bombing raid, much to the irritation of the feminine guests.

Punctually at eleven thirty the orchestra began "Home Sweet Home" amidst a chorus of "aws." After the last waltz, the young gentlemen and their charges slowly retired toward their respective homes all acknowledging having had a wonderful evening.

Views of the School

Last Entrance

This, in truth, is our Portal of Knowledge. It is not the main entrance, but as it is most used by "knowledge seeking horde", it has become a part of all that we connect with school, and the mere sight of it calls back thoughts of wild dashes through "the portal" at about "fourteen after."

Whenever the weather permits, this door is the Mecca of laughing groups, who often times linger dangerously long, for a final word before the tardy bell rings.

Although there is not much that can be said about an ordinary doorway, it is certain that many graduates will count this spot among the pleasant memories of their school days.

Office

Here, in this inner sanctum, the business of directing our school is capably carried on by our principal, Mr. Lutz.

It is centrally situated on the main floor, and if ever our busy principal should have time to leave his work long enough for a glance out of the windows, his eyes would be greeted by one of the best views of our grounds afforded from any part of the school.

Auditorium

We believe we have the best Auditorium in the Gary schools, and as proof we require no more than a visit to convince anyone of this fact.

The stage is large enough for a professional theater and its lighting equipment makes it possible to obtain any desired lighting effect.

The seating is arranged on the step plan and the seating capacity is 1,130.

The Chemical Laboratory

The Horace Mann chemical laboratory is one of the finest and most thoroughly equipped high school laboratories in the state. It has been carefully planned and furnished in order to have every possible facility for a thorough study of the course.

An air circulation system has been installed as a precaution against the dangers that may result from poisonous gases. The department has plenty of space for storage supplies, for in addition to cupboards that line one side of the room, there is a spacious storeroom adjoining the laboratory.

Views of the School

(Continued)

Cafeteria

Horace Mann has the largest cafeteria in the school system. It is the "last word" in modern equipment and arrangement, and its popularity with the students can be judged by the fact that on busy days as many as seven to eight to nine hundred students are served. A stranger, visiting the school during either of the lunch hours would have no difficulty in finding the cafeteria, for the long line of impatient hungry students, stretching down the hall, could only terminate at that one place of places.

The cafeteria is self-supporting in so far as it pays for its help.

Physics Kitchen

This kitchen accommodates twenty-four students. It is completely furnished with modern equipment, and with these facilities, the experiments of the student are made doubly interesting. The work in this kitchen is conducted on the basis of individual experiments.

The Boy's Gym.

The boy's gym has been primarily intended for the use of classes and not for basketball crowds; however, it has spectators' balcony that can be used to advantage, if necessary.

The playing floor is seventy-four feet long and fifty feet in width, with a clear space of thirty feet between the floor and ceiling.

The boys pride themselves on the good condition in which the floor is kept and this helps to make the gym one of the show places of the building.

General Shop

The shop, at the present time, is situated in the West Building. These are but temporary quarters, however, though from time to time new equipment has been added and soon the facilities will be a complete shop outfit.

At the present, the shop accommodates about thirty-five boys. The work, when the shop moves into permanent quarters, will include electrical work, sheet metal work, auto shop, and other special branches of "shop."

The First Portable

THE above picture is of one of the first two portable school buildings to be erected at the corner of Fifth avenue and Garfield.

Formal application to the Gary Land company for the Horace Mann school site was made July 26, 1917. The two buildings were built during the latter part of 1917 and classes went into session April 1, 1918 under the supervision of Jefferson school. Mrs. Ballantyne was the first teacher. Forty-five children who had been in Jefferson school made up the class. Ronald Bush, Dorothy Vensel, and Minnie Anderson are the only ones of the group now in Horace Mann school.

In 1919 three portable buildings were built just south of the two original buildings. In 1922 the East brick building was built. In 1923 two of the three portables which had been erected in 1919 were moved to a location just north of the East building. The next year the portable gymnasium was built. In 1924 the West building was constructed and on May 11, 1926, the contract for the main building was let.

Miss Lola E. Percy came to the school as its teaching principal in 1920. She became full-time principal in 1922 and in 1924 Charles D. Lutz became principal of the school.

The school shown above was conducted in the same manner as an old fashioned country school.

Some Things You "Auto" Know.

On a dark and "Willis Knight," "Stephen," a "Cleveland" "Panther" set out for the "Oakland" to find where the "Chevrolet". Advancing carefully, he drew near to what he thought was a "Paige" from a magazine, but it was only an "Essex" which had strayed away from the pack. Being a good "Roamer" he did not give up then, but continued traveling for long distances that won him the nickname of "Peerless." He stopped at the "Maxwell" for a drink and then proceeded on his way. In the late afternoon he ran upon a small tribe of hostile Indians. Although the "Moon" was shining brightly he was compelled to "Ford" the "Hudson" and "Dodge" a "Dort," but as he reached land he was hit by a "Pierce Arrow" and knocked "Cole."
